

Amarilla Golf del sur

Complex Barranco

Apartment Liora

Nestled on the southern coast of Tenerife is the lively resort of Golf del Sur. As the name suggests, this destination is a top spot for golfers, although there is a lot more going on besides! Packed with restaurants, nightlife and entertainment, this is a popular choice for families and couples looking for sunshine, relaxation and good times.

This is a family-friendly resort with a large selection of restaurants and bars dotted around. International cuisine is served in a variety of restaurants that line a beautiful promenade connecting the main area of the Golf del Sur with another smaller neighborhood called San Blas. Following this route is a complete joy; listen to the sound of the waves as you stroll in the sunshine feeling a gentle breeze in the air.

You will find a commercial center in San Blas consisting of three different levels, which are full of bars, cafes and restaurants with live music and entertainment on offer most evenings. A popular nightclub is also located here and draws in the crowds with a resident DJ playing funky house and dance music every night of the week.

In general, Tenerife is considered the most beautiful island for your holiday, if you like to have variety on holiday, instead of just lying on the beach. Because the island has so much to offer, you can swim in the ocean in the morning, hike in the late morning, go shopping and sightseeing in the afternoon and party in the evening.
